Awakening the Spine: Carolyn Quan

"Awaken the Eternal Lover" is quantum awakening. Learn the **Third of Babaji's Cobra Breaths**. This **breath** awakens kundalini flow in the Sushumna channel, opening your heart and throat chakras, to realize unconditional love.

Enter into the power and depth of the **Tantric Tibetan Rebirthing** process where you discover ultimate flow of energy through your whole being, a cosmic doorway to other dimensions.

Experience the sacred **Maithuna Ritual**, the high ceremony of union in tantric practice. In either physical or non-physical, energetic connection with a partner, you open full energy in your body, enfolding a partner's energy, being one energy, dissolving limitations to oneness with the universe and entering a transcendental meditative state.

**Prerequisites to participation in the Level 3 course are:** completion of Level 1 and Level 2 courses; a consistent Tantra Kriya Yoga practice; a minimum of 6 months of Level 2 practices including deep immersion in the 2 Babaji Cobra Breaths & the Symbol Card meditation; and the ability to experience energy & consciousness flowing through lower chakras even in powerful emotional situations

**Level 3 begins Sunday, 8/22/10 at 6:00pm ~ ends Sunday, 8/29/10 at 1:30pm**

**Hope Springs Retreat Center (East of Cincinnati, Ohio)** is a sacred & beautiful haven for learning Tantra.
